**Running for President: Jeremy Leib of Robert E. Porter Construction Co., Inc.**

Jeremy is estimating and managing structural repair projects for Robert E. Porter Construction. Jeremy earned his Bachelor's Degree in Construction Management from Brigham Young University where he also earned a minor in Business Management. Jeremy spent the last five years with a large concrete repair contractor managing

Business Development, with responsibilities for over 20 states. He has been instrumental in the contract negotiations and subsequent completion of millions of dollars of concrete repair projects across the country. Jeremy has received the “Award of Excellence” from ICRI for one project.

**Running for Vice-President: Peter Lofquist, P.E. of Starling Madison Lofquist, Inc.**

Peter is a partner with Starling Madison Lofquist, Inc and has been practicing structural engineering since 1986. He has a Bachelor of Science degree in Civil Engineering from the University of Arizona and is a registered Professional Engineer and/or Structural Engineer in Arizona, California, Texas and the Territory of Guam. He specializes in forensic engineering investigations, foundation repair and stabilization projects and investigating and designing repairs and strengthening systems for concrete and masonry structures

**Running for Secretary: Adam Zius of Restruction Corporation**

Adam is a Project Manager with Restruction Corporation and received a degree in Civil Engineering from Colorado School of Mines in the fall of 2005. After graduating from Mines, Adam went to work for Restruction Corporation. In February of 2006 Restruction sent him to Arizona to work on the fast paced, ICRI award winning, Sun Devil Stadium Renovation Project. Following this project, he helped establish the Arizona division of Restruction Corporation. Adam now helps with acquiring, managing and developing structural repair solutions for Restruction Corporation throughout the western United States.

**Running for Board Member: Rosa Dooley, P.E. of Gervasio and Associates**

Rosa is a Structural Engineer with Gervasio & Associates. She has 16 years of experience in structural design of new buildings, building remodels, structural building strengthening, and investigation & design of repairs for parking structures and other concrete structures with distressed conditions. She became a registered Structural Engineer in Arizona in 2004. She graduated from New Mexico State University with a Bachelor of Science Degree in Civil Engineering in 1995. She is a member of SEAoA (Structural Engineers Assoc. of Arizona) and ICRI (International Concrete Repair Institute), Chair to Subcommittee 150 - ICRI Notes on ACI 562 Code Requirements and Past President of ICRI AZ Chapter.

**Running for Director: Blake McGraw of Truesdell Corp.**

Blake is the Vice President of Construction for the Truesdell Corporation, a firm that has built a solid reputation nationwide by providing quality repair, restoration, strengthening, protection and maintenance of concrete structures. Blake attended college at Ball State University & the University of Northern Kentucky, where he earned a BS in Construction Management and an Associate’s Degree in Industrial Technology. Blake has over 12 years of experience working on both new construction and structural repair projects throughout the United States, including 11 DOT's, with contract values as large as \$15 million.

**Running for Director: Paul Mabee of Robert Porter Construction, Inc.**

Paul has a B.S. degree in Biochemistry/Biophysics from Oregon State University. He currently is a Project Manager/Estimator in the construction structural repair field and has been for the past 8 years. Prior to structural repairs Paul worked as a chemistry professional in corrosion testing and corrosion mitigation of reactive metals. Paul has worked on projects across much of the western half of the United States repairing the

damage caused by corrosion and strengthening structures using standard patching and coating methods as well as FRP technologies.
