

Mark Swanson – CETCO Building Materials Group

Background

Mark Swanson, CDT, has been with CETCO since 2008 and has served in several roles ranging from project management to technical services.

Mark brings a strong technical background and in-depth experience with project management. During his career, Mark has developed an expertise in waterproofing products, innovative installation and construction techniques, and continually provides customers with sound solutions. Additionally, Mark has played an integral role in the development, standardization and implementation of many CETCO programs, processes and new products. He designed and implemented both the CETCO Certified Inspector Program and CETCO Employee Training programs.

Mark received his CDT in 2009. He holds a Bachelors of Science degree from The University of Dayton and currently resides in San Francisco, CA, serving as the Western Regional Manager for the CETCO Building Materials Group.

Company Profile

Based in Hoffman Estates, IL, CETCO is a wholly owned subsidiary of AMCOL International (NYSE – ACO). It is comprised of several operating units including Building Materials, Drilling Products, Lining Technologies, Wastewater Treatment, Construction Services as well as Offshore and Oilfield Services. It is an 80 year old company founded on the principals of quality, performance and service.

Locally CETCO has had the opportunity to provide building envelopes for critical projects including San Francisco General Hospital, UC Berkeley Boalt Hall, UC Berkeley Helios Energy Research Facility, One Rincon Hill, Kaiser Medical Center San Leandro and more.
