#### Bio for Jason Savage

Jason started in the construction industry in 1994 working for a contractor. In 1998 he went to work for Pioneer/Hanson Ready Mix. While at Hanson he was part of the quality control department and responsible for the concrete mix designs and quality assurance. In 2002 Jason joined Boral Materials Technologies as a Technical Sales Specialist. Some of his responsibilities were calling on Architects and Engineers to specify Flyash and concrete Admixtures along with sales and technical support for the ready mix and precast industry. In 2003, through acquisition, Jason became part of The Euclid Chemical Company Team. Since then Jason has been the assistant regional manager over AZ, NM and El Paso. Jason is a full line sales and technical representative for both Euclid's admixture and construction product line along with the Increte decorative brand.
